

EFASIG2017

ENVIRONMENTAL AND FOOD ANALYSIS SIG MEETING

**THE AUDITORIUM, BAT GROUP R&D
SOUTHAMPTON, SO15 8TL**

**Focusing on recent advances and innovations
in chromatography-mass spectrometry,
specifically applied to environmental and food
matrix analysis...**

**Opening Keynote Speaker:
Professor Steve Rowland
University of Plymouth**

EFASIG2017 ENVIRONMENTAL & FOOD ANALYSIS SIG MEETING

MEETING SUMMARY:

This meeting is open to all scientists, organizations and institutions with interests in environmental mass spectrometry utilising chromatography and mass spectrometry across the spectrum of instrumentation and applications.

EARLY CAREER SCIENTISTS:

Presentations by postgraduates, early career scientists and experienced practitioners, working within the remit of EFASIG are welcome. It is our intent to structure a judicious blend between the established and new! Invited keynote speakers to the sessions will be representative of both groups.

EFASIG ORGANISING TEAM:

- Peter Baugh (EFASIG Leader)
- Chris Wright
- Chris Smith

ABSTRACT SUBMISSION:

Oral and poster presentations are invited for which abstracts (1 x A4) should be submitted by e-mail attachment to Chris Wright (christopher_wright@bat.com) within two weeks of the meeting date, inclusive of title, presenter underlined, other authors, department/division, affiliation and town/city (but not full address).

REGISTRATION:

Registration forms will be available on request for completion by the final deadline of June 30 2017, to download from the BMSS website or at: www.analyticalmethodologycentre.com.
